

**WRVO-FM RADIO**

Financial Statements

June 30, 2024 and 2023

## **INDEPENDENT AUDITOR'S REPORT**

To WRVO-FM RADIO:

### **Opinion**

We have audited the accompanying financial statements of WRVO-FM RADIO (WRVO), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WRVO, as of June 30, 2024 and 2023, and the results of its activities and changes in its net assets, functional expenses and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WRVO and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WRVO's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WRVO's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about WRVO's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

See the accompanying notes to the financial statements.

## **WRVO-FM RADIO**

### **Notes to Financial Statements**

**June 30, 2024 and 2023**

**(1) Organization**

WRVO-FM RADIO (WRVO) is an unincorporated public telecommunications entity operated by the State University of New York at Oswego (the University). As such, WRVO is a related party to the Oswego University Foundation, Inc. (the University Foundation) and the Research Foundation for the State University of New York (the Research Foundation).

**(a) Engineering**

The engineering department is crucial to the existence of WRVO. It oversees the maintenance of broadcast equipment, establishes procedures for operation and maintenance of transmitter equipment, performance of preventative maintenance activities, operation of equipment during test of Emergency Broadcast System; makes modifications and improvements to existing transmitter equipment, prevents interruptions in transmitting operations and monitors station compliance. Engineering operates in accordance with rules and regulations of the Federal Communications Commission. Engineering includes information technology systems and support services.

**(b) Radio Programming**

Radio programming is the basis of WRVO's function as a public radio station. Radio programming serves by informing the listening public of specific available program services with local and national content.

Programming monitors all program operations activities; makes programming decisions and adjustments, creates a monthly broadcast schedule and coordinates programming information and ideas with promotions and development staff.

**(c) Management and General**

Management supervises and controls the overall, day-to-day operations of WRVO. This includes business management and accounting, general record keeping, budgeting and related purposes; depreciation of equipment, furnishings, and supplies or equipment used in management and general functions; maintenance of archives and operations manuals. Basic human resources are managed by WRVO including recruiting and retention. WRVO also provides a periodic newsletter and web service as a supplement to their on-air programming. Both the newsletter and website provide information regarding upcoming programs and specials, and station events and highlights. Information regarding businesses and individuals providing support for programs is available on WRVO's Online Public File, as required by the Federal Communications Commission.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (2) Summary of Significant Accounting Policies

##### (a) Basis of Presentation

The accompanying financial statements of WRVO have been prepared on the accrual basis of accounting in accordance with the provisions of accounting principles generally accepted in the United States of America (GAAP).

##### (b) New Accounting Pronouncement

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, which provides guidance for accounting for credit losses on financial instruments. The ASU, including associated amendments, introduces an approach based on expected losses to estimate credit losses on certain types of financial instruments and modifies the impairment model for available-for-sale debt securities. WRVO adopted the ASU on July 1, 2023 using a modified retrospective approach. The adoption of the ASU, including associated amendments, did not have a material impact on the financial statements.

##### (c) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### (d) Net Assets

WRVO reports its activities based on the existence or absence of donor-imposed restrictions utilizing the following net asset categories:

###### Net Assets Without Donor Restrictions

Net assets without donor restrictions are available for general operating and capital purposes. At times, WRVO management sets aside and internally designates certain funds for technology procurement and capital purposes. These funds may be invested with the Oswego University Foundation, Inc. or maintained as part of WRVO's cash and cash equivalents (see note 2(e)).

###### Net Assets With Donor Restrictions

Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions. There were no net assets with donor restrictions as of June 30, 2024 and 2023.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (2) Summary of Significant Accounting Policies, Continued

##### (e) Cash and Cash Equivalents

WRVO considers cash on hand, deposits, and securities with initial maturities of three months or less to be cash and cash equivalents. Cash and cash equivalents are maintained and handled by the Research Foundation and the University Foundation on behalf of WRVO.

##### (f) Prepaid Expenses

Prepaid expenses consist primarily of costs paid in advance for annual agreements with vendors.

##### (g) Property and Equipment

Property and equipment are recorded at cost or, in the case of donated property and equipment, at their appraised value as of the date of receipt. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, which range from three to twenty years. Repairs and maintenance costs are charged to operating expense as incurred.

##### (h) Leases

WRVO evaluates whether a contract is or contains a lease at the inception of the contract. Lease agreements are evaluated to determine whether they are operating or finance leases in accordance with Accounting Standards Codification (ASC) 842, *Leases*. Upon lease commencement, WRVO classifies the lease as either an operating or finance lease. As permitted in ASC 842, WRVO elected a package of practical expedients which, among other provisions, allowed WRVO to carry forward historical lease classifications. As a practical expedient, WRVO has made an accounting policy election for all asset classes not to separate lease components from nonlease components in the event that the agreement contains both.

For both operating and finance leases, WRVO recognizes a right-of-use asset and lease liability at lease commencement. A right-of-use asset represents WRVO's right to use an underlying asset for the lease term while the lease liability represents an obligation to make lease payments arising from a lease which are measured on a discounted basis. Lease liabilities are classified as current and/or long-term, as applicable. WRVO elects not to apply the requirements to short-term leases (i.e., a lease term of 12 months or less at the commencement date). Lease payments for short-term leases are charged to expense in the statements of activities and changes in net assets on a straight-line basis over the period of the lease as a practical expedient.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (2) Summary of Significant Accounting Policies, Continued

##### (h) Leases, Continued

Lease liabilities are measured at the present value of the remaining, fixed lease payments at lease commencement. For lease agreements that do not specify an implicit rate, WRVO uses the estimated risk free borrowing rate which coincides with the lease term at the commencement of a lease, in determining the present value of its remaining lease payments. The lease liability is subsequently increased by the amount of interest expense recognized on the lease liability and reduced by the lease payments made. Lease liabilities are remeasured when the future lease payments are changed due to the following:

- Changes in amounts expected to be payable by the lessee under residual value guarantees
- Changes in the assessment of whether a purchase option or an option to renew is reasonably certain to be exercised, or
- Changes in the assessment of whether it is reasonably certain that an option to terminate the lease will not be exercised.

Right-of-use assets are measured at an amount equal to the initial lease liability, plus any prepaid lease payments (less any incentives received) and initial direct costs, at the lease commencement date.

For leases classified as operating leases, rent expense is recognized on a straight-line basis over the lease term. Operating lease right-of-use assets and liabilities are subsequently measured based on the present value of lease payments over the remaining lease term. The straight-line rent expense is reflective of the interest expense on the lease liability using the effective interest method and the amortization of the right-of-use asset. For leases classified as finance leases, interest expense on the lease liability is recognized using the effective interest method. Amortization expense related to the right-of-use asset is recognized on a straight-line basis over the shorter of the estimated useful life of the asset or the lease term.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (2) Summary of Significant Accounting Policies, Continued

##### (i) Government Grants Revenue and Receivables

WRVO receives grants and contracts which are awarded to the Research Foundation. Unconditional grants are recognized as revenues in the period received or promised. Conditional grants are not recognized as revenues until the conditions on which they depend are substantially met. WRVO has adopted a policy whereby all government grants will be recorded as without donor restrictions if the restriction expires in the same reporting period as received. Amounts received prior to services being performed are recorded as deferred revenue.

Receivables are stated at the amount management expects to collect from outstanding balances. There are no grant receivables as of June 30, 2024 or 2023.

On an annual basis, WRVO also receives support from the University. WRVO received support of \$217,750 and \$230,188 for the years ended June 30, 2024 and 2023, respectively.

##### (j) Underwriting Revenue and Receivables

Underwriting revenue consists of sales of advertising services to businesses and organizations in cash or trade for other goods and services. WRVO enters into contracts for underwriting services at established rates. Revenue for underwriting contracts is recognized at the point in time that the performance obligations are met. Unearned revenue relating to the portion of underwriting revenue pertaining to the following fiscal year is reported as deferred underwriting revenue in the statements of financial position.

Underwriting receivables represent amounts due under underwriting contracts to WRVO. Receivables are stated at the amount management expects to collect from outstanding balances. WRVO reviews individual contracts to determine if an allowance for expected credit losses is necessary and records these as a direct reduction to revenue. The estimated allowance for credit losses is based on historical, current and expected future conditions. In estimating its expected credit losses, WRVO considers the length of time its receivables have been outstanding, changes in credit ratings for its customers, requests from customers to alter payment terms due to financial difficulty or notices of bankruptcy. Amounts recognized for allowances for expected credit losses are immaterial to the financial statements.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (2) Summary of Significant Accounting Policies, Continued

##### (k) Membership and Contributions Revenue and Receivables

WRVO records membership and listener contributions, including unconditional promises to give, as revenue when donors' commitments are received, or conditions have been satisfied. Listener contributions consist of inducing listeners to contribute money, securities, time, materials, or facilities. WRVO's fundraising activities target individual gifts, new members and membership renewals, and to establish fundraising goals according to WRVO financial need. Fundraising personnel also participate in on-air pledge drives; create premiums and incentives for membership donation; coordinate telemarketing and direct mail campaigns; and work with marketing and development staff to develop on and off-air promotional campaigns and member activities that encourage members to increase their support.

Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Contributions of assets other than cash are recorded at their estimated fair value. Unconditional promises to give are recognized at the estimated net present value, net of an allowance for uncollectible amounts, and are classified as with donor restrictions. Gifts whose restrictions are met in the same fiscal year as their receipt are reported as contributions without donor restrictions.

Membership receivables consist of commitments and amounts due from listeners. WRVO records an allowance for doubtful accounts based on prior collection experience and review of existing receivables. Accounts for which no payments have been received for a period of time, which varies by the nature of the receivable, are considered delinquent and written-off. An allowance for doubtful accounts amounted to \$15,000 for the years ended June 30, 2024 and 2023.

##### *Corporate Matching*

Corporate matching consists of fundraising through soliciting program underwriting funds and general support grants from foundations, corporation, or governments. Grant solicitation involves evaluating and monitoring grant-funded programs.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (2) Summary of Significant Accounting Policies, Continued

##### (l) In-Kind Revenues

Donations of long-lived assets are reported as support without donor restrictions, unless there are donor-imposed restrictions on the use of these assets.

Donated facilities and administrative support from the University consists of allocated occupancy costs for the office and studio space occupied and/or managed by WRVO, certain personnel salaries and benefits, and financial and departmental expenses incurred by the University on behalf of the radio station (contributed nonfinancial assets). These in-kind contributions are recorded only if they have a readily ascertainable market value with an objective basis for determining such value. WRVO estimated the fair value of the University support based on an allocation of the actual occupancy costs and support provided. For the years ended June 30, 2024 and 2023, in-kind revenues (contributed nonfinancial assets) amounted to \$298,845 and \$290,451, respectively.

The University Foundation and the Research Foundation also provide certain administrative services to the radio station (contributed nonfinancial assets). WRVO records these services at fair value based on the actual costs for the services provided. These in-kind revenues (contributed nonfinancial assets) amounted to \$94,959 and \$94,136 for the years ended June 30, 2024 and 2023, respectively.

##### (m) Allocation of Functional Expenses

The financial statements report certain categories of expenses that are attributable to one or more program and supporting functions. The costs are functionalized on a direct basis, where possible. Indirect costs for salaries, wages and benefits are allocated based on estimated time spent.

##### (n) Advertising

WRVO has adopted the policy of charging advertising and promotional costs to expense as incurred.

##### (o) Income Tax Status

WRVO is a division of the University and is not a separate entity unto itself. The State University of New York is a subdivision of the State of New York and is, therefore, generally exempt from federal and state income taxes under applicable federal and state statutes and regulations.

## WRVO-FM RADIO

### Notes to Financial Statements

#### (3) Liquidity and Availability

WRVO's financial assets available within one year of the statements of financial position date for general operating and capital expenditures are as follows:

	<u>2024</u>	<u>2023</u>
Cash and cash equivalents	\$ 285,292	477,640
Underwriting receivables, net	12,722	12,489
Membership receivables, net	<u>123,256</u>	<u>135,369</u>
 Total financial assets available to management for general operating and capital expenditures within one year	 421,270	 625,498
 Less amounts not available for general expenditure within one year:		
Deferred underwriting revenue	(44,479)	(54,502)
Deferred revenue	<u>-</u>	<u>(21,265)</u>
 Financial assets available to management for general expenditures within one year	 \$ <u><u>376,791</u></u>	 <u><u>549,731</u></u>

#### *Liquidity Management*

WRVO maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

#### (4) Economic Dependency

Grants, underwriting revenue and contributions constitute a significant portion of WRVO's revenue, making it economically dependent upon these sources of revenues and support. Further, WRVO, as an unincorporated entity of the University, is reliant upon the ongoing economic relationship with the University, University Foundation and Research Foundation to maintain its operations.

### Notes to Financial Statements

#### (5) Property and Equipment

Property and equipment consisted of the following at June 30:

	<u>2024</u>	<u>2023</u>
Broadcast equipment	\$ 1,864,795	1,863,552
Non-broadcast equipment	294,770	294,770
	<u>2,159,565</u>	<u>2,158,322</u>
Less accumulated depreciation	(1,972,991)	(1,919,235)
	<u>186,574</u>	<u>239,087</u>
Construction-in-progress	8,128	-
	<u>\$ 194,702</u>	<u>239,087</u>

#### (6) Leases

WRVO has various operating leases for radio tower space with noncancellable terms expiring at various dates. The leases may have one or more renewal options, with terms to be determined at the time of renewal. The exercise of such lease renewal options is at the sole discretion of WRVO.

Operating lease cost for noncancellable lease arrangements was \$40,689 and \$38,176 for the years ended June 30, 2024 and 2023, respectively, and is included in satellite services and other expenses in the statement of functional expenses.

The weighted average remaining lease term and discount rate for WRVO's operating lease were as follows as of or for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Weighted average remaining lease term (years)	2.76	3.30
Weighted average discount rate	3.00%	2.97%

WRVO did not obtain any new right-of-use assets in exchange for new operating lease obligations for the year ended June 30, 2024. Right-of-use assets obtained in exchange for new operating lease obligations for the year ended June 30, 2023 were \$15,315.
