Management's Discussion and Analysis (*unaudited*)

WMKY-FM (the Station) Management's Discussion and Analysis (MD&A) of its financial condition provides an overview of the financial performance of the Station for the year ended June 30, 2024. Management has prepared this discussion, along with the financial statements and related footnotes, to provide summary financial information. This MD&A should be read in conjunction with the accompanying financial statements and footnotes.

Reporting Entity

WMKY-FM, Morehead State Public Radio, is a component unit of Morehead State University (the University) and the Commonwealth of Kentucky.

Using the Annual Report

This annual report consists of a series of financial statements, prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. These financial statements focus on the financial condition of the Station, the results of operations, and cash flows of the Station as a whole.

One of the most important questions asked about Station finances is whether the Station is better off as a result of the year's activities. The information needed to answer this question is in the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position and the Statement of Cash Flows.

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or non-operating. GASB 35 requires University appropriations and gifts to be classified as non-operating revenues. Accordingly, the Station will generate a net operating loss prior to the addition of non-operating revenue. The utilization of capital assets is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

When evaluating financial viability of the Station, another important factor to consider is the ability to meet financial obligations as they occur. The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, noncapital financing and capital financing activities.

MOREHEAD STATE UNIVERSITY  
WMKY-FM

Management's Discussion and Analysis (*unaudited*), continued

The Statement of Net Position includes all assets and liabilities. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. The Station's net position (the difference between assets and liabilities) is indicative of the Station's financial health. Over time, increases or decreases in net position can indicate improvement or erosion of the Station's financial health.

Financial Highlights

The financial statements indicate that the Station's financial condition remained stable on June 30, 2024.

- Total assets were \$533 thousand. Significant components of the assets include \$378 thousand in cash, \$112 thousand in capital assets, net of depreciation and \$43 thousand in leased assets, net of amortization.
- Operating revenues were \$201 thousand and operating expenses were \$523 thousand, resulting in an operating loss of approximately \$322 thousand.
- Net non-operating revenues of \$317 thousand were comprised primarily of appropriations from Morehead State University (the University).
- The combination of the net loss from operations and the net non-operating revenues resulted in a decrease in net position of \$5 thousand.

**Assets**

The Station's total assets as of June 30, 2024 were approximately \$533 thousand. On June 30, 2023, the total assets were approximately \$552 thousand. Cash of \$378 thousand is the Station's largest asset or approximately 71% of total assets at June 30, 2024. Investments in capital assets, net of depreciation, are the Station's next largest asset, totaling \$112 thousand or approximately 21% of total assets at June 30, 2024.

**Net Position**

Total net position decreased by approximately \$5 thousand during the year ended June 30, 2024.

MOREHEAD STATE UNIVERSITY  
WMKY-FM

Management's Discussion and Analysis (*unaudited*), continued

Revenue

Total operating revenues were approximately \$201 thousand for the year ended June 30, 2024 and \$196 thousand for the year ended June 30, 2023. Sources of operating revenue for the Station are the Community Service Grant – Radio, of \$140 thousand or 70%, membership and subscriptions of \$35 thousand or 17%, underwriting of \$5 thousand or 3%, Federal work-study of \$2 thousand or 1%, and other revenue of \$18 thousand or 9%.

Expenses

Operating expenses for the year totaled approximately \$523 thousand versus \$623 thousand at June 30, 2023. Of this amount, approximately \$248 thousand or 48% was used for programming and production expense, \$120 thousand or 23% was used for broadcasting expenses, \$27 thousand or 5% was used for program information and promotions, \$81 thousand or 15% for management and general, \$17 thousand or 3% for fundraising and membership development, \$17 thousand or 3% for depreciation and \$14 thousand or 3% for amortization expense.

Cash Flows

The Statement of Cash Flows helps financial statement readers assess the Station's ability to generate future net cash flows, to meet obligations as they become due and the Station's need for external financing.

Major sources of funds for the Station include the Community Service Grant, membership fees and underwriting. The largest cash outlays for operating activities were made to employees for wages and benefits, \$266 thousand, and to suppliers, \$115 thousand. The largest cash receipt in the noncapital financing activities group is the operating appropriation from Morehead State University of \$213 thousand. Cash used in capital financing activities was for expenditures related to the purchase and lease of capital assets.

Capital Assets

Capital assets, net of accumulated depreciation, totaled approximately \$112 thousand at June 30, 2024 versus \$77 thousand at June 30, 2023. Depreciation expense for the year was \$17 thousand.

MOREHEAD STATE UNIVERSITY  
WMKY-FM

Management's Discussion and Analysis (*unaudited*), continued

**FACTORS IMPACTING FUTURE PERIODS**

The Station is fairly well positioned for the immediate future. Management believes the Station's continued efforts to diversify revenue sources and increase membership and underwriting fees will strengthen its financial resources.

The Station's dependency upon the University and the Corporation for Public Broadcasting for a substantial part of its operating funds includes some degree of risk. Support from the Corporation for Public Broadcasting is tied directly to U.S. budgets and is subject to the actions of Congress. University funding is dependent upon funding from the Commonwealth of Kentucky and also subject to the actions of the governor and legislative entities.

The Station's management believes the current financial condition is strong enough to withstand pressures created by economic and funding uncertainties. Management also believes that increasing partnerships throughout the region will also increase the Station's financial standing.

## **Independent Auditor's Report**

Members of the Board of Regents and  
Dr. Joseph A. Morgan, President  
Morehead State University  
Morehead, Kentucky

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of WMKY-FM Radio (the Station), a public telecommunications division of Morehead State University, which comprise the statements of net position as of June 30, 2024 and 2023, the related statements of revenues, expenses and changes in net position and cash flow for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Station as of June 30, 2024 and 2023, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Station and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Station's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

***Auditor's Responsibility for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures including examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Station's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 1 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information contained on pages 20 through 27 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**MOREHEAD STATE UNIVERSITY  
WMKY-FM**

Notes to the Financial Statements

**1. Description of Organization**

WMKY-FM (the Station) is a University sponsored radio station serving more than 20 counties in Kentucky, Ohio and West Virginia. The Station is a component unit of Morehead State University (University) and the Commonwealth of Kentucky. The financial records and activities of the Station are administered by Morehead State University and Morehead State University Foundation, Inc. (Foundation).

**2. Summary of Significant Accounting Policies**

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, contributions are recognized as revenue when available (received).

These financial statements are prepared in accordance with GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*, and subsequent standards issued by GASB. GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net asset categories:

- **Net Investment in Capital Assets:** Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- **Restricted:**
  - Nonexpendable–** Net position subject to externally imposed stipulations that they be maintained permanently by the Station.
  - Expendable–** Net position whose use by the Station is subject to externally imposed stipulations that can be fulfilled by actions of the Station pursuant to those stipulations or that expire by the passage of time.
- **Unrestricted:** Net position whose use by the Station is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

**MOREHEAD STATE UNIVERSITY**  
**WMKY-FM**

Notes to the Financial Statements, continued

**2. Summary of Significant Accounting Policies, continued**

Basis of Presentation, continued

The financial statement presentation required by GASB Statement No. 35 is intended to provide a comprehensive, entity-wide perspective of the Station's assets, liabilities, net position, revenues, expenses, changes in net position and cash flows.

Revenue Recognition

Operating funds restricted by the donor, grantor, or other outside party for particular operating purposes are deemed to be earned and reported as revenues when the Station has received the funds from the grantor. Unrestricted pledges are reported as revenue when the pledged contributions are received.

In-Kind Contributions

Contributions of donated noncash assets are recorded at their fair values in the period received. Donated personal services of volunteers are recorded as revenues and expenses in the accompanying statement of revenue, expenses and changes in net position at estimated fair value based upon standard valuation rates and job classifications developed by the Corporation for Public Broadcasting (CPB).

Capital Assets

Capital assets are recorded at cost for purchased assets and at fair value at date of donation in the case of gifts. Expenditures of greater than \$1,000 and computers at any cost are tagged and tracked for inventory purposes. Expenditures of \$5,000 or greater, which increase values or extend useful lives of the respective assets, are capitalized; whereas expenditures for repairs and maintenance are charged to expense as incurred. Depreciation is calculated by the straight-line method over the estimated useful lives (based on industry standards) of the assets, which range from two to twenty years.

Functional Allocation of Expenses

The costs of providing the various activities have been summarized on a functional basis in the accompanying statement of revenue, expenses, and changes in net position. Accordingly, certain costs have been allocated among functional classifications based on total personnel costs or other reasonable basis.

**MOREHEAD STATE UNIVERSITY  
WMKY-FM**

Notes to the Financial Statements, continued

**2. Summary of Significant Accounting Policies, continued**

Indirect Administrative Support

Indirect administrative support from the University consists of allocated maintenance, institutional support, and certain other costs incurred by the University and allowable by CPB.

Operating Activities

The Station defines operating activities, as reported on the statement of revenues, expenses and changes in net position, as those that generally result from exchange transactions. Nearly all of the Station's expenses are from exchange transactions. Certain significant revenues relied upon for operations, such as appropriations from the University, are recorded as nonoperating revenues, in accordance with GASB No. 35.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenditures during the reporting period. Actual results could differ from the estimated amounts.

Subsequent Events

Management has evaluated subsequent events for accounting and disclosure requirements through November 22, 2024, the date that the financial statements were available to be issued.

**3. Cash**

At June 30, 2024 and 2023, the Station's bank balances were \$377,702 and \$418,366, respectively. These funds are reported as cash on the statement of net position. The Station maintains its cash balances in financial institutions, which at times, may exceed federally insured limits. The Station has not experienced any losses on such accounts. The Station believes it is not exposed to any significant credit risk related to its cash balances.

**5. Long Term Liabilities**

Long-term liabilities at June 30, 2024, are summarized as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>	<u>Long-term Portion</u>
GASB 87 Leases	\$ 57,159	\$ -	\$ 13,790	\$ 43,369	\$ 13,790	\$ 29,579

Long-term liabilities at June 30, 2023, are summarized as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>	<u>Long-term Portion</u>
GASB 87 Leases	\$ 70,949	\$ -	\$ 13,790	\$ 57,159	\$ 13,790	\$ 43,369

**6. Pension & OPEB Plan**

All regular employees of the Station participate in the Kentucky Teacher's Retirement System (TRS). Participants are fully vested after five years of service. For the year ended June 30, 2024, eligible Station employees who began before January 1, 2022 contributed 8.185% of their salary through payroll deductions and the Commonwealth of Kentucky, indirectly contributed 15.865% of currently eligible employees' salaries to the TRS through appropriations to the University. Employees participating in TRS on or after January 1, 2022, contributed 9.775% of their salary which was matched by the University at 9.775%. For the years ended June 30, 2024 and 2023, the Station's contributions to TRS were \$23,661 and \$23,018, respectively.

In addition to the pension benefits, Kentucky revised Statute 161.675 requires TRS to provide post-employment healthcare benefits to eligible members and dependents. In order to fund the post-retirement healthcare benefit, 5.55% of the gross annual payroll is contributed for members who began before January 1, 2022, with 2.775% paid by member contributions that are matched by the employer. For members who began on or after January 1, 2022, 4.775% of the gross annual payroll is contributed for members, with 2.775% paid by member contributions and 2% matched by the employer.

Effective July 1, 2014, the University adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* recording its share of TRS' unfunded liability on the University's 2019 statement of net position. Effective July 1, 2017, the University adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)* (Statement 75). Statement 75 replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for

Notes to the Financial Statements, continued

**6. Pension & OPEB Plan, continued**

OPEB recording its share of TRS' unfunded liability on the University's 2019 statement of net position. These liability amounts include the employees of the Station as the University views the Station's employees as their employees. Also, the University's funding of the Station is largely to offset the costs of the employees to the Station. As such, the Station and the University have chosen to house any pension and OPEB liabilities for the Station's employees on the University's statements of net position.

TRS is a blended component unit of the Commonwealth of Kentucky and therefore is included in the Commonwealth's financial statements. TRS issues a publicly available financial report that can be obtained at <https://trs.ky.gov/financial-reports-information>.

**7. Related Party Transactions**

Indirect administrative support of \$104,304 and \$116,816 was provided by the University during 2024 and 2023, respectively. This includes the use of a building, as well as donated maintenance and service related to the space. Donated services and facilities was \$15,709 for both 2024 and 2023.

The Foundation receives and maintains all contributions on behalf of the Station. The Station's expenses are paid through the Foundation.

**8. Commitments and Contingencies**

The Station receives financial assistance from the CPB in the form of grants. The receipt of funds received from the CPB requires compliance with terms and conditions, including that the Station be noncommercial, educational in nature, and provide significant service to the community of license. The Station is currently in compliance with all CPB requirements.

The Station is regulated by the Federal Communications Commission (FCC), and must be in compliance with the FCC's licensing requirements for radio stations that are noncommercial, educational broadcast facilities. The Station currently has a continuing license issued by the FCC.

**9. Concentration of Revenue**

The Station has a concentration of revenue due to receiving the majority of its operating revenue from grants through the CPB. Revenue from the CPB totaled approximately 70% and 66% of total operating revenues during 2024 and 2023, respectively.
