#### INDEPENDENT AUDITOR'S REPORT

#### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Boulder Community Broadcast Association, Incorporated and Boulder Community Broadcast Association, LLC (a nonprofit organization), which comprise the consolidated statement of financial position as of September 30, 2023, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position Boulder Community Broadcast Association, Incorporated and Boulder Community Broadcast Association, LLC as of September 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Boulder Community Broadcast Association, Incorporated and Boulder Community Broadcast Association, LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of Boulder Community Broadcast Association, Incorporated
  and Boulder Community Broadcast Association, LLC's internal control. Accordingly, no
  such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boulder Community Broadcast Association, Incorporated and Boulder Community Broadcast Association, LLC's ability to continue as a going concern for a reasonable period of time.

#### Artesian CPA, LLC

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Supplementary Information**

#### Basis of Consolidation

The consolidated financial statements include the accounts of Boulder Community Broadcast Association, Inc. and Boulder Community Broadcast Association, LLC. All material intra-entity transactions have been eliminated.

#### Consolidated Financial Statement Presentation

The consolidated financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The consolidated financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as follows:

#### Net Assets Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time. All restricted net assets as of September 30, 2023 and 2022 are purpose restricted.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As of September 30, 2023 and 2022 and for the years then ended

#### Net Assets With Donor Restrictions

Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

#### Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Cash and Cash Equivalents

For the purposes of the consolidated statements of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less, except those designated for long-term purposes, to be cash equivalents. The Organization holds cash and cash equivalents with FDIC insured banks. Management believes that credit risk related to cash balances and investments are minimal. As of September 30, 2023, the Organization had \$67,715 of uninsured deposits.

#### Accounts and Grants and Contributions Receivable

Accounts receivable, represent amounts due from grantors and donors, and are stated at amounts estimated by management to be the net realizable value. The Organization periodically evaluates the collectability of accounts receivable and establishes a reserve for uncollectible accounts based on an evaluation of the specific unpaid account balances. There were \$10,487 and \$452 of accounts receivable and no allowances against such as of September 30, 2023 and 2022, respectively.

#### Property and Equipment

Acquisitions of assets in excess of \$500 are capitalized at cost. Property and equipment are depreciated using the straight-line method over the assets estimated useful lives which range from 3 - 39 years. The Organization assesses its property and equipment for indications of impairment annually and adjusts the carrying balances if impairments are determined. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Contributions restricted for the acquisition of equipment are reported as net assets without donor restrictions upon acquisition of the assets and the assets are placed in service.

#### Grant and Contract Revenue

For all grants and contracts which are considered to be exchange transactions, revenue is recognized as allowable reimbursable expenses are incurred. Membership revenue is recorded as revenue in the period it is received.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As of September 30, 2023 and 2022 and for the years then ended

#### Contributions And Grants

The Organization engages in periodic fundraising campaigns manifested by offering special programs and on-air and mail fundraising appeals. These appeals encourage supporters, both individuals and organizations, to provide financial contributions to the Organization. Financial contributions are frequently evidenced by pledges received from responding listeners. Contributions, pledges, and grants without donor restrictions are recognized as revenue in the accompanying statements of activities upon receipt. Other revenues without donor restrictions are recognized as earned either upon receipt or accrual. However, uncollected pledges are not enforceable against contributors and the Organization is not able to obtain sufficient evidence of a promise through verifiable documentation, therefore they are not shown as assets on the accompanying statements of financial position. Contributions and collected pledges are components of net assets without donor restrictions inasmuch as their usage is not limited to specific activities of the Organization. This usage is consistent with appeals for contributions and pledges.

#### Contributed Services and Other In-Kind Contributions

Contributed services are recorded if they (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Contributed services for the current year were for legal, accounting, broadcast engineering, outreach promotions, and professional software and computer services donated by various individuals. Donated services totaled \$128,423 and \$276,547 for the years ended September 30, 2023 and 2022, respectively and was recorded as in-kind contributions in the statement of activities.

#### Revenue Recognition

The Organization recognizes revenue in accordance with ASC 606 when it has satisfied its performance obligations under agreements with customers and collectability is probable.

#### Measure of Operation

The statement of activities reports all changes in net assets, including changes in net assets from operating and non-operating activities. Operating activities consist of those items attributable to the Organization's ongoing activities. Non-operating activities are limited to resources that generate return from investments, contributions, leasing and other activities considered to be of a more unusual or nonrecurring nature.

#### Leases

On October 1, 2022, the Organization adopted ASC 842, *Leases*, as amended, which supersedes the lease accounting guidance under Topic 840, and generally requires lessees to recognize operating and finance lease liabilities and corresponding right-of-use (ROU) assets on the balance sheet and to provide enhanced disclosures surrounding the amount, timing and uncertainty of cash flows arising from lease arrangements. The Organization adopted the new guidance using a modified retrospective method. Under this method, the Organization elected to apply the new accounting standard only to the most recent period presented, recognizing the cumulative effect of the accounting change, if any, as an adjustment to the beginning balance of net assets. Accordingly, prior periods have not been

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As of September 30, 2023 and 2022 and for the years then ended

restated to reflect the new accounting standard. The cumulative effect of applying the provisions of ASC 842 had no material impact on net assets.

The Organization elected transitional practical expedients for existing leases which eliminated the requirements to reassess existing lease classification, initial direct costs, and whether contracts contain leases. Also, the Organization elected to present the payments associated with short-term leases as an expense in statements of operations. Short-term leases are leases with a lease term of 12 months or less. The Organization has adopted ASC 842 and the impact is reflected in the consolidated statement of functional position.

#### <u>Functional Allocation of Expenses</u>

The costs of providing program and supporting services have been summarized on a functional basis in the accompanying consolidated statements of functional expenses. The Organization incurs expenses that directly relate to, and can be assigned to, a specific program or supporting activity. The Organization also conducts a number of activities which benefit both its program activities as well as supporting services (i.e. fundraising and management and general activities). These costs, which are not specifically attributable to a specific program or supporting activity, are allocated by management on a consistent basis among program and supporting services benefited, based on either financial or nonfinancial data, such as headcount, square footage, or estimates of time and effort incurred by personnel. All other expenses are allocated based on the specific identification method.

#### Income Tax

No provision has been made for income taxes, as the Organization is exempt from Federal income tax pursuant to Internal Revenue Code Section 501(c)(3). There was no unrelated business taxable income during the year. The Organization has not recognized any cumulative adjustment relating to the adoption of FASB ASC Income Tax Topic, nor are there any unrecognized tax benefits to be disclosed as of September 30, 2023. Uncertainty in income taxes for a not-for-profit organization would include the status of its exemption from taxes, status of filings in local jurisdictions, and unrelated business income, if any. The Organization's information return filing for the years 2021 to 2023 remains subject to examination by the Internal Revenue Service.

#### **NOTE 2: FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board ("FASB") guidance specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 1 primarily consists of financial instruments whose value is based on quoted market prices such as exchange-traded instruments and listed equities.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As of September 30, 2023 and 2022 and for the years then ended

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (e.g., quoted prices of similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active).

Level 3 - Unobservable inputs for the asset or liability. Financial instruments are considered Level 3 when their fair values are determined using pricing models, discounted cash flows or similar techniques and at least one significant model assumption or input is unobservable.

The carrying amount reported in the consolidated statement of financial position approximate their fair value.
